

1. Show and Tell

Five students (including Neville and Susie) have brought in their pets to share with their excited schoolmates. One brought in a guinea pig and one brought in a pet called Norbert. Can you work out the name and type of each student's pet?

1. The three mammals are George, Jennifer's pet, and the gerbil.
2. The two boys owned Simone and the hamster.
3. Jackie is a turtle.
4. Gillian brought in Roger (who is a mammal).
5. The lizard was not brought in by Richie.
